Section 7. **Ratification of Prior Actions**

may have been taken prior to the effective date of this bond ordinance and shall be deemed to have been taken pursuant to this bond ordinance.

Section 8. Application of Grants

Any grant moneys received for the purposes described in Section 3 hereof shall be applied either to direct payment of the cost of the improvements or to payment of the obligations issued pursuant to this bond ordinance. The amount of obligations authorized but not issued hereunder shall be reduced to the extent that such funds are so used.

Section 9. Full Faith and Credit

The full faith and credit of the Borough are hereby pledged to punctual payment of the principal and interest on the said obligations authorized by this bond ordinance. Said obligations shall be direct, unlimited obligations of the Borough, and the Borough shall be obligated to levy ad valorem taxes upon all of the taxable property within the Borough for the payment of said obligations and interest thereon without limitation of rate or amount.

Section 10. Official Intent to Reimburse Expenditures

The Borough reasonably expects to reimburse any expenditures towards the cost of the improvements or purposes described in Section 3 of this bond ordinance and paid prior to the issuance of any bonds or notes authorized by this bond ordinance with the proceeds of such bonds or notes. This Section is intended to be and hereby is a declaration of the Borough’s official intent to reimburse any expenditures towards the costs of the improvements or purposes described in Section 3 hereof to be incurred and paid prior to the issuance of bonds or notes authorized herein in accordance with Treasury Regulations Section 1.103-18, and no action (or inaction) will be an artifice or device in accordance with Treasury Regulation Section yield restrictions or arbitrage rebate requirements.

Section 11. Effective Date

This bond ordinance shall take effect twenty (20) days after the first publication thereof after final adoption, as provided by said Local Bond Law.

ORDINANCE NO. 2022-07

AN ORDINANCE AMENDING Longport Code Chapter 167-44 (Duties and powers of Zoning Officer)

NOW THEREFORE BE IT ORDAINED by the Commissioners of the Borough of Longport, County of Atlantic and State of New Jersey as follows:

SECTION II: Longport Code Chapter §167-44 F shall be amended as follows:

F. Surveys required. Building permittees shall submit to the Zoning Officer surveys prepared by a NJ licensed professional surveyor within five business days following completion of each of the following stages of construction: foundation/top of block with all setbacks to property lines; completion of roof framing and building and eave height; completion of all site improvements with all building setbacks clearly shown, commonly known as a "final survey." [After completion of the roof framing and building and eave height; a roof pitch certification by a licensed surveyor shall be provided showing the roof pitch is in compliance with §167-7A] The submission of the required foundation/top of block survey shall also indicate, in addition to the setbacks to property lines, all proposed work between the block foundation and property lines, including but not limited to decks, stairs, landings, porches, balconies, building projections, etc., that are not yet constructed but will be attached or extended beyond the foundation and finish walls of the principal structure. In addition, spot elevations shall be indicated for existing ground at the extreme four corners of the foundation as well as sidewalk and top-of-curbing at the front center line of the property. Any proposed stairways shall be dimensioned to assure construction within the required yard setbacks based on those spot elevations. When the proposed construction is indicated on said survey, it shall be accurately dimensioned to all proposed finished edges to assure that no future work, including exterior finishes, will result in the need for variance. Should it be determined that a variance approval is necessary, the builder shall immediately cease construction in any such areas outside of the principal structure and either make revisions to the proposed construction in order to eliminate the need for such variance, or immediately make application to the Zoning Board and receive approval prior to continuing construction in those areas. Failure to provide said information or revise construction to comply with the developmental regulations shall void the original zoning permit approval.
